## 2. Alberta missionaries Sandstrom Michael & Man

Sandstrom Man recently went to Hospital due to severe abdominal pain and was diagnosed with kidney stones, a severe infection, and sepsis. Her blood pressure dropped sharply, putting her life at risk, and she was immediately transferred to the University of Alberta Hospital for a very high-risk emergency surgery. Thank the Lord! The surgery was successful, her condition has improved, and the infection is under control. She has now been discharged and is at home receiving monitoring and antibiotic treatment, waiting for follow-up procedures to remove the kidney stones. Please continue to pray for her subsequent treatments and her medical team, asking God to guide her through the valley of the shadow of death and for her to recover soon.
